

CROP CHOICE®

FERTILIZER 5-20-10+1S

A LIQUID PLANT FOOD FERTILIZER

FERTILIZER 5-20-10+1S is a high-purity plant food manufactured entirely from high-grade 100% ortho white phosphoric acid (arsenic-free), potassium hydroxide, ammonium hydroxide, acetic acid, and ammonium thiosulfate. With a lower freeze point than 6-24-6+1S and potassium in the potassium acetate form, this is a highly available product with excellent storing capabilities, even in the coldest conditions.

DIRECTIONS FOR USE

Seed-safe to apply in-furrow or foliar to provide the crop the most balanced nutrient foundation containing N, P, K, and sulfur, a necessary nutrient.

KEEP OUT OF REACH OF CHILDREN

CONDITIONS OF SALE

Recommendations for use of this product are believed to be accurate. As with all products, weather, timing, crop conditions, location, and many other factors are beyond the control of SOIL Service, Inc., and no written or implied warranty is given for product performance.
