

SOIL BOOST EXTREME

ADJUVANT SPRAY SURFACTANT

SOIL BOOST EXTREME is an adjuvant spray surfactant approved for use with dicamba-containing herbicides. It buffers your spray solutions and maintains pH at approved levels. SOIL BOOST EXTREME also contains proprietary buffering, penetration, and translocation agents to significantly boost penetration and movement of herbicides in target weeds.

DIRECTIONS FOR USE

Shake or agitate well before using. Always use SOIL BOOST EXTREME in accordance with the instructions concerning additives found on the herbicide label. **Normal rate is 1 quart of SOIL BOOST EXTREME per 100 gallons of water.**

MIXING DIRECTIONS

Always mix SOIL BOOST EXTREME in accordance with the instructions concerning adjuvants found on the herbicide label. In the absence of specific mixing instructions, fill the spray tank ½ to ¾ full with clean water. Add the ingredients while the water is agitating.

Mix ingredients in the following order:

1. SOIL BOOST EXTREME
2. SOIL Service Landoil®
3. Wettable powders (water slurry suggested)
4. Flowables
5. Water-soluble herbicides
6. Emulsified concentrates
7. Finish adding water to final volume
